

## VCAA CERTIFICATION

We provided a notice to you about the evidence and information VA needs to support your claim for benefits. At this time, you may choose to indicate that you have no additional evidence to support your claim. That is, your signed response will let us know whether to decide your claim without waiting 30 days.

Your signature on this response will not affect:

- Whether or not you are entitled to VA benefits;
- The amount of benefits to which you may be entitled;
- The assistance VA will provide you in obtaining evidence to support your claim; or
- The date any benefits will begin if your claim is granted.

For faster service, you can go to <http://www.vafasttrack.gov> and certify online.
